CERTIFICATES

CORPORATE CULTURE

Vikohasan builds corporate culture on the basis of ATTACHMENT and SOLIDARITY, colleagues are like relatives, and the collective is like family. In work, Vikohasan promotes HONESTNESS, working with meticulousness and rigor. Vikohasan encourages departments to continuously improve, innovate and create. People and society always come first.

SOCIAL RESPONSIBILITY

By actively collecting plastic scrap, Vikohasan not only contributes to environmental protection but also encourages the habit of collecting and classifying waste across the country. Vikohasan has purchased more than 70,000 tons of scrap plastic from all over the world: Bangladesh, Japan, Korea, Africa, Asia.

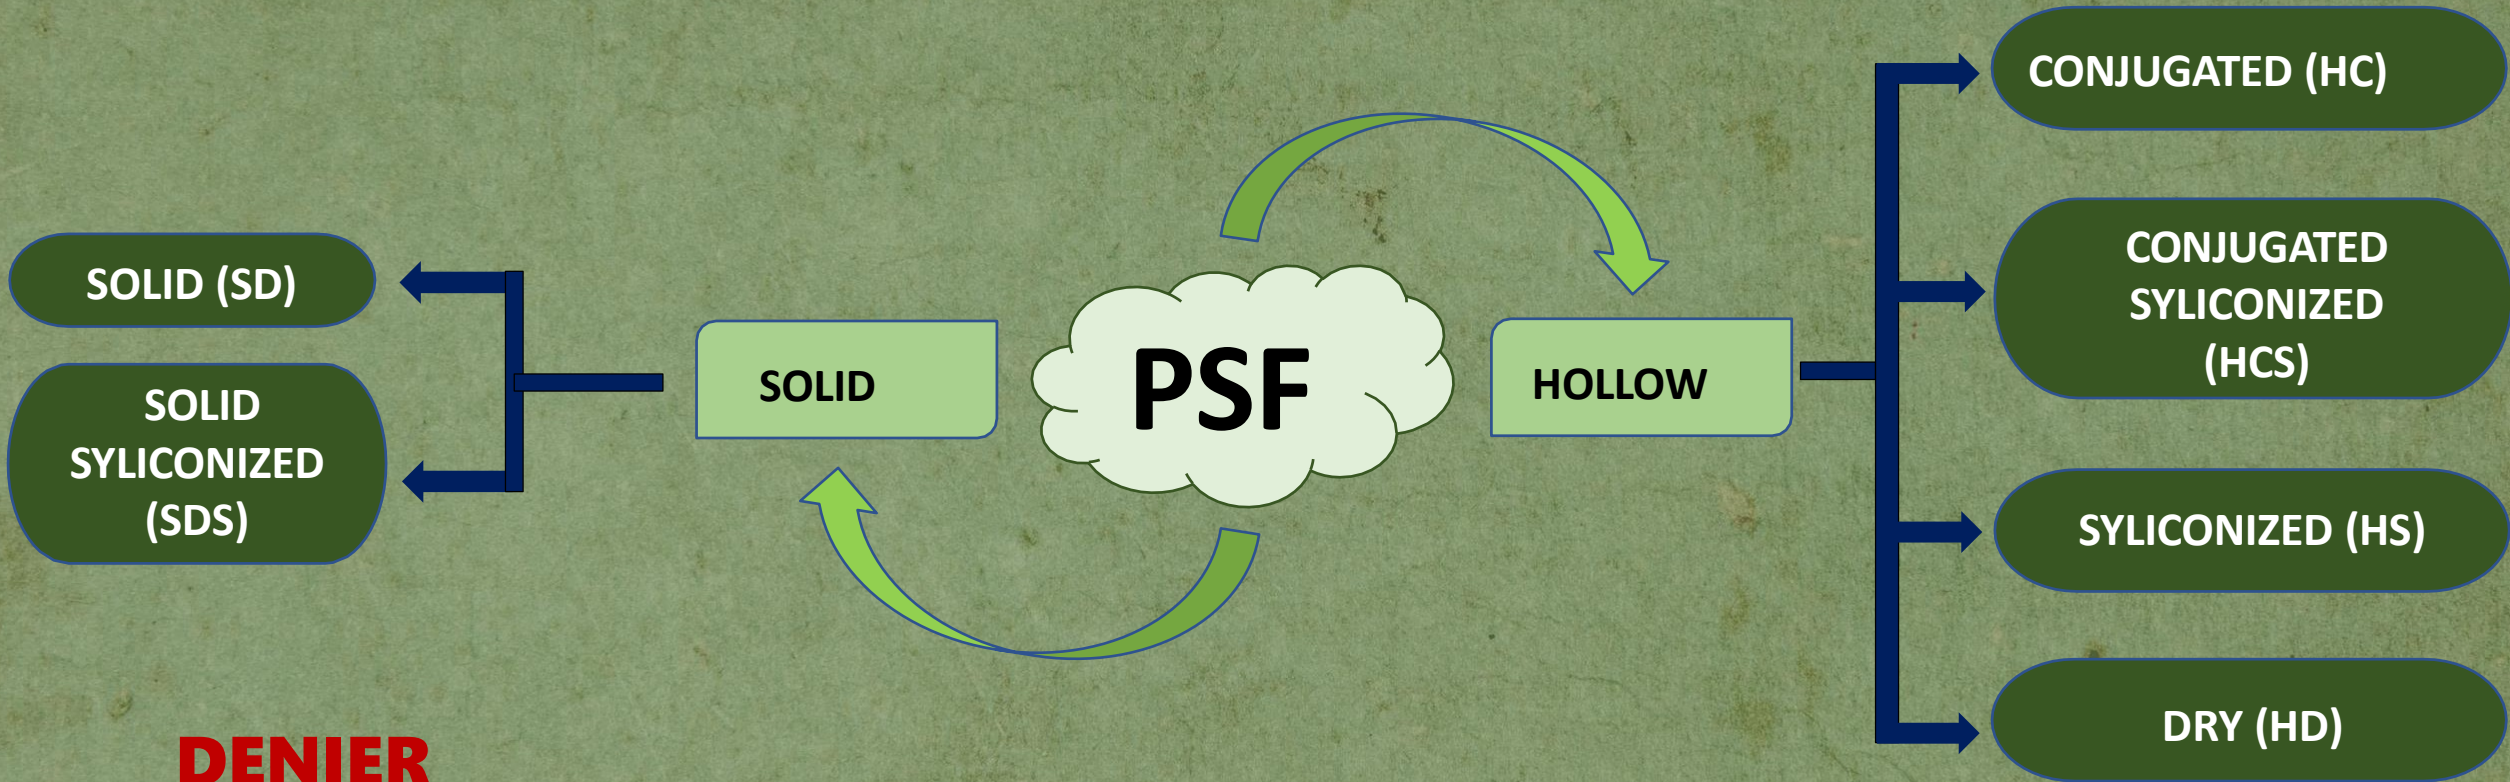

CIRCULAR ECONOMY

Vikohasan orients production and business development based on SUSTAINABILITY. Through the Circular Economy: Materials are recovered and used for a long time, energy is saved, CO2 emissions are reduced and the environment is better protected! Through the circular economy, members can form a sustainable ALLIANCE.
